

The Retailers' Occupation Tax Act provides an exemption for tangible personal property sold to interstate carriers for hire for use as rolling stock moving in interstate commerce or to lessors of such interstate carriers. See 35 ILCS 120/2-5(12) and (13) (1998 State Bar Edition). (This is a GIL.)

November 28, 2000

Dear Xxxxx:

This letter is in response to your letter dated September 28, 2000. The nature of your letter and the information you have provided require that we respond with a General Information Letter, which is designed to provide general information, is not a statement of Department policy and is not binding on the Department. See 2 Ill. Adm. Code 1200.120(b) and (c), which can be found on the Department's website at <http://www.revenue.state.il.us/legalinformation/regs/part1200>.

In your letter, you have stated and made inquiry as follows:

COMPANY is a lessor of over the road tractors, trucks, trailers and semi-trailers used by lessees in interstate commerce. We generally lease those vehicles to two types of carriers:

1. For hire carriers: contract or common carriers,
2. Private carriers: that do not transport property belonging to others.

COMPANY would like to request a ruling on taxation on interstate commerce carriers under the above-presented scenario. Specifically, please address the following issues:

1. Is the lessor responsible for collecting sale/use tax for vehicles used in interstate commerce? If so, on what basis, i.e. each rental payment, at lease inception based on total rentals due or total cost?
2. If subject to sales/use tax, are these two above groups treated the same or differently for sales tax purposes?
3. If exemption is granted by the state, is there any type of exemption certificate that COMPANY must have to substantiate the exempt sale in an audit situation? If no exemption certificate is required, what type of documentation should be retained, if any?

We would appreciate your input at your earliest convenience. If you have any additional questions, please contact the undersigned at #####.

The Illinois Retailers' Occupation Tax and Use Tax do not apply to sales of tangible personal property to interstate carriers for hire for use as rolling stock moving in interstate commerce. The

Department's rules governing the rolling stock exemption are found at 86 Ill. Adm. Code 130.340, copy enclosed.

The exemption applies to sales of tangible personal property to lessors under leases of one year or longer executed or in effect at the time of purchase with interstate carriers for hire for use as rolling stock moving in interstate commerce. A lessor will not incur Use Tax on the purchase of the vehicle that is leased to the interstate carrier for hire for use as rolling stock moving in interstate commerce under a lease term of one year or longer. See 35 ILCS 105/3-55(b) and 120/2-5(12). If a lessor leases a vehicle to an interstate carrier for hire under a lease term of less than one year, the rolling stock exemption is also available because the tax does not apply to the use by (or sale to) lessors, owners, or shippers of tangible personal property that is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce. See 35 ILCS 105/3-55(c) and 120/2-5(13).

Effective August 14, 1999, motor vehicles, trailers, and property attached to those motor vehicles and trailers must carry persons or property for hire in interstate commerce on 15 or more occasions within a 12- month period to qualify for the exemption. See 35 ILCS 120/2-51. For other types of property used in interstate commerce, the interstate carriers must be able to show, from their books and records, that the property has moved in interstate commerce for hire on a regular and frequent basis in order to qualify for the exemption.

Purchasers also must be recognized by the appropriate federal or state regulatory agency as interstate carriers for hire and have received a Certificate of Authority to engage in interstate commerce. Please note that it is not the type of item that determines whether or not it qualifies as rolling stock, but rather how a qualifying interstate carrier uses the item. In addition to receiving the proper Certificate of Authority, purchasers should be aware that only those items used specifically as rolling stock would qualify. See the enclosed copy of 86 Ill. Adm. Code 130.340.

When making a purchase of qualifying property, the purchasers must provide the sellers with a certification that they are interstate carriers for hire and that they are purchasing the property for use as rolling stock moving in interstate commerce. If the purchasers are lessors, the purchasers must give the sellers a certification to that effect identifying the lessee interstate carriers for hire. Form RUT-7, Rolling Stock Affidavit, which is signed by the purchasers, is used to provide the required certification in order to execute the statutory exemption.

I hope this information is helpful. The Department of Revenue maintains a website, which can be accessed at www.revenue.state.il.us. If you have further questions related to the Illinois sales tax laws, please contact the Department's Taxpayer Information Division at (217) 782-3336.

If you are not under audit and you wish to obtain a binding Private Letter Ruling regarding your factual situation, please submit all of the information set out in items 1 through 8 of the enclosed copy of Section 1200.110(b).

Very truly yours,

Melanie A. Jarvis
